Chalet du leman – Background

This private 8,000 m² estate, sheltered by majestic century old cedars, stretches down to the crystal clear waters of Lake Geneva.

Here, exclusivity takes on its full meaning:

- A private dock, a secluded beach on a tranquil bay, a refined villa, and bespoke services at your fingertips.
- Shape your own unforgettable escape
- where timeless elegance meets the spirit of Lake Geneva.

From the wide terrace overlooking the lake to the pergola and private beach below, every space is a gentle invitation to let go. Beneath the shelter of ancient cedars or beside the stillness of the koi pond, the park unfolds like a sanctuary of calm.

Let the warm embrace of the jacuzzi and its sweeping views of Lake Geneva – wash over you in a moment of pure serenity.

And for a deeper kind of peace, surrender to a personalized massage or yoga session, in the quiet privacy of the Domaine.

5-star Accomodation
