Private Castle

Chateau Elegance

Nestled on the foothills of the Jura mountains, this 50 acres totally secluded private rental estate, will enchant you with its landscaped gardens and century old trees, breathtaking view of Lake Geneva and the Mont Blanc. Located 3 kms from the small market town of Gex where you will find all your necessary needs such as bakeries, supermarkets, restaurants and banks.

The Chateau sleeps comfortably fourteen guests and has eight double bedrooms, a children's room along with a two bedroom ensuite for staff if required. A fully equipped chef's kitchen awaits you along with an outdoor dining terrace, two dining rooms, a large reception room with a terrace facing the Mont Blanc and the Alps mountain range, living room, library, office, gym, home cinema and laundry room. A heated outdoor swimming pool, rooftop jacuzzi, tennis court, pétanque court and a fire pit complements this property.

The Concept

Château d'Échenevex offers the unique experience of a secluded private residence set within an expansive natural environment. Nestled at the foothills of the Jura mountains and surrounded by open countryside and equestrian landscapes, the estate provides absolute tranquility and privacy while remaining remarkably close to Geneva and the Lake Geneva region.

The property sits within a large private domain with landscaped gardens and century-old trees, offering views toward Lake Geneva and Mont Blanc, creating the rare balance between countryside retreat and international accessibility.
